MECCA RAILWAY IS IMPORTANT.

Will Have Effect on Future of Turkey.

Opens Remote Parts of the Ottoman Realm.

Enables Nation to Utilize War Resources.

(BY DIRECT WIRE TO THE TIMES.)
CONSTANTINOPLE, Sept. 3.—[Exclusive Dispatch.] The completion of the Mecca Railway between Damascus and Medina, which has been opened, is regarded as highly important in its political effect upon the fortunes of Turkey at the present moment.
The extension of the railway so as to provide communication with the remote southern portions of the Sultan's dominions, not only renders their government from Constantinople much easier, but enormously increases Turkey's fighting power abroad, enabling it to draw men from territories hitherto inaccessible from a military point of view.
In the past Turkey has never been able to use more than half its strength in European wars. The distant Asiatic provinces not only did not furnish any men, but, on the contrary, they required the presence of troops to prevent revolutionary uprisings.

RENEW ATTACK ON STANDARD.

GOVERNMENT SEEKS TO BREAK OIL TRUST.

New York State Grocers Testify to Having Seen Offered Oil by Higgen Bros. for Less Than the Price Asked by the Rockefeller Company but not Threatened.

(ASSOCIATED PRESS NIGHT REPORT.)
NEW YORK, Sept. 3.—The government's suit to dissolve the Standard Oil company of New Jersey, under the Sherman anti-trust law, which was begun over a year ago, and adjourned in July, was resumed here today before special Examiner Franklin Ferris.
Frank B. Kellogg, special counsel of the Department of Justice, will personally continue to direct the prosecution, despite the numerous rumors that he was appointed western treasurer for the Republican National Committee, which he received no threatening letters from the Standard Oil company and that no effort was made to stop him from buying oil from Higgen Bros. of Springfield, Mass., at a lower price than charged by the Standard Oil company.
Several New York State grocers who are told of having been offered oil by the firm of Higgen Bros. of Springfield, Mass., at a lower price than charged by the Standard Oil company, one of the witnesses in reply to a question said he received no threatening letters from the Standard Oil company and that no effort was made to stop him from buying oil from Higgen Bros. of Springfield, Mass., at a lower price than charged by the Standard Oil company.
"Did you know the Standard Oil company was selling oil in Springfield at 8 cents at the same time it was charging you 12 cents?" Mr. Kellogg asked.
"I did not."
"And you did not know when the Higgins were charging you 11 cents in Springfield that they were selling oil in Springfield at 7 1/2 cents, 1/2 cent under the standard price?" Mr. Kellogg asked.
"I did not."

KINGS MAY FAIL.
KAISER'S PLAY NOT SUCCESS.
AGLIONI BALLET MEETS SOME ADVERSE COMMENT.

"Sardana Palus" Produced in Royal Theater Before Audience, Including Chief Personages of Imperial Court, and Verdict is Divided, Newspapers Being Unfavorable.

(BY DIRECT WIRE TO THE TIMES.)
BERLIN, Sept. 3.—[Exclusive Dispatch.] For more than three hours an audience, which included the principal personages of the imperial court and a number of the leading Assyriologists of the world, sat in the Royal opera-house last night, watching the well-known Tagliani ballet "Sardana Palus," revised under the Kaiser's personal supervision.
Berlin's public critics are now busily censuring the results of the Emperor's venture into the domain of the theater. On the whole, the verdict is not entirely flattering.

(CRITIC OF THE NON-PROFESSIONAL ELEMENT, while admitting that the presentation was a gorgeous stage pageant, said with the performance in a less indy spirit, declaring that the ballet is over-weighted by ponderous display of learning.
The Tagliani says that the audience was thoroughly bored, and adds that the performance shows it to be impossible to "stage the contents of a philological museum and make them interesting." The Courier asserts that the performance was "not only a bore, but a waste of money and an aversion of taste."

FIGHTING AROUND TABRIZ.
TABRIZ, Sept. 2.—Sharp fighting opened again yesterday around the city, but the revolutionary forces are said to be less confident than formerly, owing to financial difficulties and reports that have gained currency of the strength of the Russian army.

(ASSOCIATED PRESS NIGHT REPORT.)
TABRIZ, Sept. 2.—Sharp fighting opened again yesterday around the city, but the revolutionary forces are said to be less confident than formerly, owing to financial difficulties and reports that have gained currency of the strength of the Russian army.
There is some fear that the Caucasus mercenaries in the anti-royalist forces will attack the consulates in order to provoke European intervention.

WIDOW OF MILLIONAIRE AND EXECUTRIX.

Mrs. William B. Leeds, who inherits portion of husband's fortune according to his will filed yesterday.

LEEDS ESTATE IS THIRTY MILLIONS.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Sept. 3.—[Exclusive Dispatch.] In the Surrogate's Court at Mineola, L. I., today, the will of William B. Leeds, who died in Paris late this spring, was filed, and disposed of property valued at more than \$30,000,000. The United States Trust Company, Nonnie Stewart Leeds and George S. Baker of Manhattan are named as executors.
To his second wife, Nonnie Stewart Leeds, is left \$150,000 in cash, wearing apparel, jewelry and personal effects, household furniture, both useful and ornamental, horses, carriages, automobile and all personal chattels. She also gets the town house, No. 367 Fifth avenue, for her life only.
To his son, Rudolph Gar Leeds, is left \$1,000,000. James F. Elder, Mr. Leeds's secretary, gets \$25,000. If on the death of Mr. Leeds, any child by his wife, Nonnie Stewart Leeds, had attained the age of 25 years, said child was to receive the sum of \$25,000 outright.
In the event that Mrs. Leeds survives her husband, he left her the remainder of his property, real and personal.

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Sept. 3.—[Exclusive Dispatch.] A new low temperature record for the late summer was made today when the mercury fell to 55 deg. at 6 a.m. Then followed a rapid rise of 10 deg. in three hours, with prospects of a return to the seventies by tomorrow. No rain is in sight and Chicago today was one of the driest cities in the country. The maximum temperature was 71, and the minimum 55 deg. Middle West temperatures:

TROLLEY KILLS TWO.
[ASSOCIATED PRESS DAY REPORT.]
OTTAWA (Ill.) Sept. 3.—Two persons were killed, two fatally hurt and one seriously injured here last night when an electric car on the Illinois Valley Railway struck a car in which were seated Walter Spell, a wealthy farmer, and a party of six persons. The crash occurred at a point where the road crosses the electric line, about six miles from Ottawa. The road was not well lighted and near the crossing there is a sharp curve which prevented Mr. Spell, who was driving, from seeing the approaching car. The car was driven directly on the track when the car, coming at top speed, crashed into it.
PRIMARY LAW UPHELD.
[ASSOCIATED PRESS DAY REPORT.]
PIERRE (S. D.) Sept. 3.—The State Supreme Court yesterday upheld the state primary election law. The decision prevents the Democrats from placing their candidates nominated in the Democratic convention on the State ticket as Democrats. They will go into the campaign with candidates for Governor and Congress only.
DYNAMITE SHIP CANAL.
[ASSOCIATED PRESS DAY REPORT.]
JOLIET (Ill.) Sept. 3.—Unknown persons early yesterday dynamited the Illinois and Michigan Canal at Channahon, twelve miles southeast of Joliet. The breach made by the explosion is 100 feet long. The district is flooded and the entire section of the canal from Joliet to Channahon is emptied of water. Navigation is tied up and factories using power furnished by the canal have closed down. The dynamiting is the result of the fight between the canal commissioners and the State on the one side and the village of Channahon and this city on the other over the bridge question. The State refused to rebuild or repair broken down bridges.

QBITUARY.
Judson M. Thompson.
ST. LOUIS, Sept. 3.—Judson M. Thompson, aged 77 years, a millionaire, and for many years a conspicuous figure in St. Louis financial affairs, died at the home of his son in Old Orchard last night. He lived frugally, and it was his custom to buy clothing at H. H. Galt's, a tailor, and wear the apparel as long as it would last.
Brig.-Gen. Calvin Dawitt.
WASHINGTON, Sept. 3.—Word was received at the War Department today of the death yesterday of heart disease, at Fort Yellowstone, Wyo., of Brig.-Gen. Calvin Dawitt, retired. He was 68 years old. He retired in August, 1903, at his own request, after more than thirty years of service.

CAMBRIDGE (Mass.) Sept. 3.—Rev. Francis Tiffany, author, preacher and traveler, died at his home here today. He was born in Maryland in 1827.

SHORT FLIGHT AT FORT MYER.

Orville Wright Makes Test of Aeroplane.

Inventor Pulls Wrong Lever and Lands Hard.

Demonstration, However, Is Pronounced Successful.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Sept. 3.—[Exclusive Dispatch.] With atmospheric conditions perfect, Orville Wright sailed his newest aeroplane, a mile and a half at the rate of thirty miles an hour this forenoon, over the cavalry parade ground at Fort Myer.

In an effort to alight he pulled the wrong lever, the nose of the machine shot suddenly downward when only ten feet above earth and crashed against the ground, smashing one of its skids to pieces.

"It was all my fault," he said. "She was acting beautifully and I had decided that it was about time to bring her down. The machine had readily responded to the lightest touch of the lever. It was sailing only about thirty miles an hour, I should judge."

When it started to descend he pulled the wrong lever, the nose of the machine shot suddenly downward when only ten feet above earth and crashed against the ground, smashing one of its skids to pieces.

The machine came within a few feet of the ground, and he was forced to land. It was a successful test, however, and the machine was not damaged.

Mr. Wright was uninjured. The aeroplane made numerous undulations, flying very close to the ground at times, but never rising higher than twenty-five feet from the earth.

WILBUR STARTS FROM GROUND.
[ASSOCIATED PRESS NIGHT REPORT.]
LEMAN, Sept. 3.—The French experts were greatly astonished at the demonstration given by Wilbur Wright today of his ability to leave the ground after having touched it.

It has been supposed that it was impossible for him to launch his machine without the aid of an apparatus.

This feat, apparently, enables Mr. Wright of the price for high speed, one of the conditions of which is that the machine shall leave the ground without the use of outside help.

Mr. Wright made a ten-minute flight today at an altitude of 75 feet, and covered six miles. A second attempt made later in the afternoon, owing to trouble with the motor, was unsuccessful.

KNABENSHUE FLIES.
Aeronaut Takes Three Passengers on Successful Trip in Air Over Ohio City.

(ASSOCIATED PRESS NIGHT REPORT.)
COLUMBUS (O.) Sept. 3.—Taking advantage of perfect air conditions, Roy T. Knabenshue today started from the Fair Grounds in his airship and made a trip downtown, circling the dome of the State House with three passengers aboard.

Knabenshue was gone twenty-seven minutes. Returning to the Fair Grounds, he circled the State House. Thousands witnessed the flight.

STARTLING VERDICT.
BLAME POLICE IN RACE RIOT.

SPRINGFIELD JURY SAYS THEY WERE COWARDS.

One Hundred and Seventeen Indictments Returned, Among the Number Four Officers of Law. Finding Is That Disgraceful Scene Might Have Been Averted.

(BY DIRECT WIRE TO THE TIMES.)
SPRINGFIELD (Ill.) Sept. 3.—[Exclusive Dispatch.] The special grand jury called to investigate the recent race riot made its final report tonight, returning seventeen more indictments, including four policemen, bringing the total indictments to 117.

The report sprung a sensation by condemning the police as cowards, and the police ordered to go and suppress the mob the first night of the race war, "not only failed to use their clubs, pistols or raise their voice against the mob, but some of these officers are known to have been in the act and word in doing the work that brought destruction of thousands of dollars of property and the bluish of shame to the city of Springfield."

The report recommends abolition of the sweating process of the police. These policemen were indicted: Oscar Dahlkamp, Joseph F. Eranford, George Pohlman, George W. Dawson, One woman, Eva Thomas, was indicted.

LEPER WANTS HIS PENSION.

Finds no Way to Get It and Sign the Voucher Safely.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Sept. 3.—[Exclusive Dispatch.] John R. Early, the leper, cannot get his pension of \$12 a month until some way is discovered for delivering it to him, without having him, infected.

The appointing of a guardian or a trustee seemed to afford a way out of the dilemma, but Justice Stafford, of the District of Columbia Supreme Court, today, held that the local courts have no jurisdiction over him and denied the application of his wife for the appointment of a trust company to receive and disburse the pension.

Schemes for having him sign the voucher with a long-handled pen are being suggested, but they do not seem feasible for the reason that penholders long enough would be unwieldy.

RUINED CAREER.
SACKVILLE-WEST DIES IN LONDON.

BRITISH MINISTER DISMISSED BY CLEVELAND PASSES.

President's Action Ended His Lord's Diplomatic Career, and Ever Since 1888 He Had Lived Life of Country Gentleman—Always Retained Grudge Against America.

(ASSOCIATED PRESS NIGHT REPORT.)
LONDON, Sept. 3.—Lionel Sackville-West, second Baron of Sackville, died at Knote Park, Seven Oaks, today.

He has been ill for some time and since August 15 he had been confined to his bed.

Lord Sackville-West was born in 1827 and served his country in the diplomatic service. He was British Minister to the United States from 1881 to 1888. At the request of President Cleveland, he was recalled in October, 1888. Lord Sackville-West's dismissal by President Cleveland practically ended his diplomatic career, for since 1888 he was never entrusted with an important diplomatic mission.

He lived quietly the life of a country gentleman and seldom appeared in London society. He always retained a grudge against America and Americans, and it was his custom to avoid any meetings with travelers from "the other side."

A few years ago Lord Sackville-West created a sensation by publishing a pamphlet meant for private circulation among his friends, in which he indicated his diplomatic work in the United States. The newspapers obtained a copy of this publication. In it Lord Sackville-West explained with much picturesque detail that the trip to which he fell at Washington was a Fenian conspiracy; that the Fenian organization harassed him during his residence in America; kept spies after him and plotted to assassinate him. Few of the diplomatic friends took this story seriously.

BREACH OF PROMISE.
PRETTY GIRL SUES STEWARD.

SERVANT IN LEITER HOUSE IS MADE DEFENDANT.

Hugh Crabbe, Who Has Been Trying to Collect Back Salary from Joe Leiter, Is Asked to Pay \$25,000 to Miss Mary Mattes for Failure to Marry Her as Agreed.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Sept. 3.—[Exclusive Dispatch.] After jousting in the municipal courts with Joseph Leiter, the millionaire, in a suit for several thousand dollars back salary, Hugh Crabbe, former steward of the Leiter family, was himself sued today for \$25,000 by Miss Mary Mattes, a young and pretty girl, who alleges breach of promise.

This is the second time that Crabbe has been made a defendant in a breach of promise suit. On September 4, 1907, Miss Anna Murray, a domestic, brought suit for \$25,000. She declared Crabbe asked her to become "his favorite."

Crabbe's divorced wife was Catherine Lamont, who was killed in a North Side saloon more than a year ago, when two men fought over her.

According to the bill filed today Crabbe promised to marry Miss Mattes on April 1 of this year. They had known each other for two years, it is said, and Crabbe had been very attentive.

Marysville Forced to Cut Down All Trees.

(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, Sept. 3.—[Exclusive Dispatch.] John Isaac, former secretary of the State Horticultural Commission at Marysville, yesterday charged that the defoliation of citrus trees there for the extermination of the orange white fly was nothing more than vandalism of the Horticultural Commission, and that the owners of trees were victims of a gross political scheme by which R. K. Carnes, the entomologist, made himself and friends lucrative positions for a long period and J. W. Jeffrey secured the appointment as commissioner.

Isaac makes the charge that to force Mrs. Jennie Meyer to allow the defoliation of her trees, Carnes, unable to find any evidence of white fly on them, took a specimen into the orchard and placed it upon a leaf in order to testify at the court hearing that he had found white fly on one of her trees.

The agitation over the white fly and the cutting of evergreen trees in the city created much bitterness in Marysville, and since Isaac has made these charges some property owners may begin suits against the State to recover damages.

CAUGHT DEER BY EAR.

Portland City Detective Tells Munchausen Story and Swears to It.

(BY DIRECT WIRE TO THE TIMES.)
PORTLAND, Sept. 3.—[Exclusive Dispatch.] Taking a deer captive by the ear while the animal was chilled and numb in the surf of the Pacific Ocean is the strange experience related by City Detective Howell, who returned to duty today after spending his vacation on his father's ranch north of Astoria, Ore. Howell stoutly maintains the truth of the story, although those who have heard him tell it are dubious of the tale.

While on his way back to Portland he was on the beach near Rockaway, north of Astoria, Howell says he was astonished to see a young deer wading in the breakers. The animal seemed exhausted and was not frightened at Howell's approach. The intrepid detective waded into the surf, caught the deer by the ear and led it ashore.

The deer had been chased by hounds and had dashed into the surf to escape pursuit. While on the beach Howell saw the animal had become so thoroughly chilled and exhausted that it could not swim and he rescued it. It was still stiff it could hardly walk.

INSURANCE AGENTS GRAFT.

Seattle Men Write Policies on Ships and Pocket Premiums if not Lost.

(BY DIRECT WIRE TO THE TIMES.)
SEATTLE, Sept. 3.—[Exclusive Dispatch.] Some of the most prominent insurance men here are threatened with scandal and possible prosecution because they have been issuing fake policies, of which the companies had no knowledge, and retaining premiums. Marine insurance has been the field in which operations have been carried on, because the short duration of the policy makes it easy to defraud and difficult to detect, except in case of loss. The system has been to insure the cargo of a ship, issue a policy, which contains a duplicate of the policy, and the agent records on the books of the company. The agent pockets the premium, and if the insured ship makes port unharmed no one is the wiser. If she is lost and the cargo is destroyed, the insured ship would stand no loss, unless the agent's company could pay.

MUTINY AND DEATH.

News of Tragedy on Eaton Hall is Brought to San Francisco by Mariposa.

(ASSOCIATED PRESS NIGHT REPORT.)
SAN FRANCISCO, Sept. 3.—News of a tragedy accompanied by a tragedy, on the Chilean bark Eaton Hall during a stormy voyage in which the vessel was dismasted, was brought here today by the steamer Mariposa, arriving from Tahiti.

The Eaton Hall was bound from Newcastle, Australia, to Valparaiso, Chile, when the ship was wrecked. On stormy night sprang up a terrible storm and the ship was wrecked. The ship was wrecked on the coast of Chile, and the crew was rescued. The ship was wrecked on the coast of Chile, and the crew was rescued.

WOODMEN, SPARE THE TREES!—SAN JOSE PROTEST.

(ASSOCIATED PRESS NIGHT REPORT.)
SAN JOSE, Sept. 3.—A meeting of members of the Sempervivens Club, and other friends of the State redwood park in the Big Basin, will be held in the rooms of the local Chamber of Commerce this evening, to protest against the action of the State in cutting down the redwood trees in the Big Basin.

ATTEMPT TO
BEAT CUMMINS.

Forty Iowa Legislators to
Desert Caucus.

Stand Pat Republicans Fear
Democratic Coup.

Want to Postpone Election of
New Senator.

(BY DIRECT WIRE TO THE TIMES.)

DES MOINES (Iowa) Sept. 3.—(Exclusive Dispatch.) Forty stand-pat members of the Legislature are likely to remain away from the Republican Senatorial caucus tomorrow in an effort to defeat the election of Gov. A. B. Cummins to the unexpired term of the late Senator Allison.

The stand-patters bitterly resent the coup in the Legislature Wednesday by which the Democrats combined with the progressives and voted to elect a Senator on September 9. The stand-patters want to let the election go over until after the November primaries. Defeated in this plan, they now hope to defeat Cummins by keeping out of the Republican caucus.

At the stand-pat conference today Senator Gilliland declared the election of Gov. Cummins to the Senate at this time would jeopardize the Legislature and probably throw three Congressional districts to the Democrats. Other stand-patters declared that the election of Cummins at this time would send Democrats to the next Legislature from a majority of the counties in the southern part of the State.

Senator Gilliland declared that the election of Cummins at this time would rip the Republican party wide open. If Cummins got the endorsement of the people at a primary election, Gilliland said, the stand-patters would have nothing more to say.

Taft to Meet Ohioans.

Will Meet People at All Points on
Big Four from Sandusky to
Cincinnati.

(ASSOCIATED PRESS NIGHT REPORT.) CHICAGO, Sept. 3.—Chairman Frank H. Hitchcock of the Republican National Committee announced tonight that when Mr. Taft goes from Sandusky to Cincinnati on Tuesday next, the candidate will meet the people at all points where stops are made by the Big Four train.

Mr. Taft will leave Sandusky at 1:40 p. m. The train stops at all stations between Sandusky and Carey, and at about a dozen points between Carey and Cincinnati, where the arriving time is 7:45 p. m.

Joseph C. Beckens of Cheyenne, Wyo., was today appointed assistant director of the national bureau of the western Republican headquarters in this city. He represented in Washington, in several sessions of Congress, a large number of western newspapers.

T. Bixby, of St. Paul, visited Republican headquarters today and declared that he believed Roosevelt will give Taft 50,000 plurality, and that Jacobson, the Republican candidate for Governor, will defeat Johnson by a close vote. Mr. Bixby is a general manager of the St. Paul Pioneer Press.

TRYING OUT HUGHES.

Governor's Name to Be Printed on
Primary Tickets in New
York City.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Sept. 3.—With the purpose of testing the sentiment in Manhattan for the renomination of Gov. Hughes, it was announced today at the headquarters of the Republican Committee that at the Republican primary next Tuesday Gov. Hughes' name would be printed on the city ticket in nine Assembly districts in widely separated sections.

Republican leaders in the county stated tonight that they would regard the result of the primaries as morally binding upon them as to their attitude in the State convention.

PARKER REPORTS ON COAST.
FINDS BRYAN CONING.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Sept. 3.—Former Judge Alton B. Parker, who has returned from a visit to the Pacific Coast, where he made several speeches for W. J. Bryan, conferring over an hour today with National Chairman Mack at Democratic national headquarters.

Plans for a speaking campaign in the East by Mr. Parker were discussed. A report circulated today was to the effect that the former Democratic Presidential candidate might be nominated for Governor of this State. Mr. Parker had nothing to say in regard to the report.

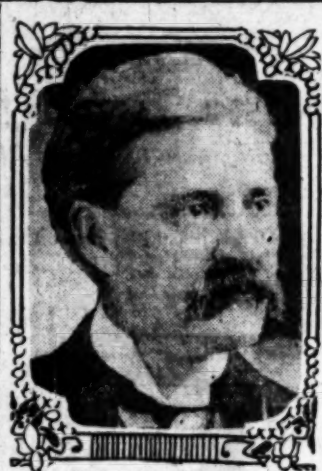

HARMONY AT STOCKTON.
Los Angeles Row Patched up and
Cartwright Made Temporary
Chairman.

(ASSOCIATED PRESS NIGHT REPORT.) STOCKTON, Sept. 3.—Perfect harmony prevailed in the Democratic State Convention, which opened here to nominate Presidential electors this afternoon, elected State Senator George W. Cartwright of Fresno, author of the Cartwright anti-trust bill, passed by the last Legislature, temporary chairman, effected organization and adjourned until 10 o'clock tomorrow morning to await the reports of the committees. Torn with dissensions and a bitter factional row, the Los Angeles delegation up to within an hour of the opening threatened to interject into the deliberations of the State convention their fight against Nathan Cole, Jr., against whom various charges were made by members of a faction, and whom they sought to depose as national Committee member from California because of alleged dissatisfaction with his management, when he promised to develop into the bitterest kind of an acrimonious fight on the floor.

Shortly after noon a compromise was agreed upon by which an advisory committee of three is to be named to take charge of the financial management of the campaign in conjunction with the Executive Committee of the State Central Committee, and when Judge John E. Baker of Modoc county called the convention to order at 2:35 o'clock, not a single discordant note marred the session.

Two members of this advisory committee, it is stated, will be James D. Platen and E. E. Bush with the latter member to be named from Los Angeles.

Cartwright was nominated by ex-Mayor Phelan of San Francisco. The woman suffragists who failed to get recognition from the Republican

Gov. A. B. Cummins,

State Convention at Oakland, where a demonstration was made by 300 women who utterly ignored, scored a victory when the Committee on Platform and Resolutions tonight adopted the plank pledging the Democratic candidate to the Legislature to favor the submission to the voters of the State of a constitutional amendment extending to women the right to vote.

There was not a dissenting vote for a single vote raised on the floor against the request of the women to insert this plank in the platform.

Theodore J. Bell announced today that at Mr. Bryan's request, he will leave for the East in two weeks to take the stump in Indiana, Ohio, New York and Maryland, returning to California for the last week of the campaign.

James D. Phelan and Eugene Germain will head the electoral ticket as electors-at-large.

District electors who were nominated tonight and will be ratified at the convention tomorrow are as follows:

First—Congress District—W. H. Sherer of Siskiyou.

Third—A. W. Maltby of Concord.

Fourth—Charles Edelman of San Francisco.

Fifth—Harry P. Flannery of San Mateo.

Sixth—E. E. Bush of Hanford.

Seventh—Thomas E. Gibson of Los Angeles.

Eighth—John W. Martin of Tulare.

The Second District delegation will meet tomorrow morning to decide between D. W. Carrion and Sacramento and Rous of Marville for electors.

The following Assembly District nominations were made tonight:

First Assembly District—Kenneth C. Gilles.

Fourth—C. F. Kimball of Redding.

Twelfth—J. L. Mendelhall of Colusa.

Twenty-fifth—L. J. Coffey of Modesto.

Twenty-sixth—E. N. Baxter of Marietta, incumbent.

M. H. Meade of Sierra was nominated for State Senator from the Third Senatorial District.

The Eighth Congress District delegation met tonight and nominated Albert Schuchman of San Diego for Congress from that district. P. Gillett of Oakland was nominated for Congress from the Third District, in an attempt to unseat Congressman J. H. Kewland.

FORAKER MEETING SURPRISE.
NOT PREARRANGED.

(ASSOCIATED PRESS NIGHT REPORT.) MIDDLEBURY, N. H., Sept. 3.—Neither Mr. Taft, Gen. Corbin nor Representative Keller would comment for publication today on the Foraker incident of yesterday in Toledo, with the exception of the general admission that the news between the candidate and Senator was brought about without the previous knowledge of Mr. Taft.

Comment that the Republican situation generally might have improved if the Vermont major had been less because of the danger of overconfidence was made today by Judge Taft. It was decided today that Mr. Taft will not go to Sandusky in time Monday to participate in the Labor Day celebration. He may leave here Monday evening for that place, that more time may be had on Tuesday for a visit to the Soldiers' Home there before the trip to Cincinnati begins at 1:30 o'clock. Secretary Straus of the Department of Commerce and Labor will be here this week.

WATKINS NOTIFIED.
Ads. O. Pays Tribute to the Prohibition Vice-Presidential
Candidate.

(ASSOCIATED PRESS NIGHT REPORT.) ADA (O.) Sept. 3.—Before a large audience in Brown Auditorium of the Ohio University today, Prof. Aaron S. Watkins was officially notified of his nomination as the candidate for Vice-President by the national Prohibition party. Citizens crowded the streets and university campus, political partisanship temporarily laid aside in the honoring of an esteemed townsman.

Felix T. McWhirter of Indianapolis, treasurer of the national Prohibition organization, was the chairman. Robert Patton of Springfield, Ill., who was temporary chairman of the national Prohibition convention, delivered the formal notification address.

Warner Seems to Be Ahead.
DETROIT, Sept. 3.—While not conceding the renomination of Gov. Fred M. Warner in last Tuesday's primary election, the Free Press tonight completed a new tabulation of the election returns which with seventeen precincts missing gives Warner a lead of 318 over Auditor General J. B. Bradley who opposed Gov. Warner for the Republican nomination.

RAILROAD RECORD.

ESPEE WILL
PUSH WORK.

Wall Street Learns Road Is
Aft. Fifty Millions.

To Continue Development
Despite Financial Panic.

Enormous Sum to Be Raised
by End of Next Year.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Sept. 3.—(Exclusive Dispatch.) It was learned in Wall Street today that despite financial panics and economic assaults the Southern Pacific Railway will continue its developments toward which the road's new capital need is announced to be \$50,000,000, that sum to be obtained by 1910.

This sum was announced, will be called for to complete the road's current project of completing the 1700 and 2000 miles of new road now under construction or in project.

For the continuation of this enterprise, new capital will be called for. The road will not need less than \$50,000,000 between now and the end of next year.

The present financial position of the railroad is such that leading financiers do not think there will be any difficulty in obtaining the sum needed. Also, according to the well-informed, it is ridiculous to suppose that \$50,000,000 of preferred Pacific 7 per cent. preferred stock now outstanding will be redeemed by any bond issue.

Talies all plans go astray, the stock will be converted into Southern Pacific common, thereby relieving the income of Southern Pacific of some \$5,000,000 of preferred dividends, which to all practical purposes are a fixed charge.

This would clear the decks for arranging the financial programme of Southern Pacific, which, if the times are ripe, should be inaugurated early next year. Earning accidents this financing, in all probability will call for the authorization of 100,000,000 of bonds convertible into Southern Pacific common at whatever price conditions may warrant. This would amply finance all the requirements of the company for several years, and bring to completion its programme of physical expansion.

This is a feature of the Harriman policy, and those who know here say that what has been applied to Union Pacific will be applied to Southern Pacific.

RAILROADS WIN CASE.

Interstate Commerce Commission
Authorizes Differentials on
Fir Lumber.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Sept. 3.—In the case of the Pacific Coast Lumber manufacturers, the St. Paul and Tacoma Lumber Company, and numerous other lumber concerns, against the Northern Pacific and other roads, and the Oregon & Washington Lumber Manufacturers Association, the Eastern and Western Lumber Company, and nine other lumber concerns, against the Union Pacific, Oregon Short Line and eight other lines, the Interstate Commerce Commission has authorized the railroads to establish differentials, not exceeding 10 cents per 100 pounds above the rates on fir lumber between the same points.

This authority is with the provision that no such differentials or a differential less than 10 cents existed prior to November 1 last, and that the differentials prescribed in the case of the Portland Lumber Company, and the other carriers must be observed.

The commission says that this permission does not constitute sanction for the imposition of the establishment of higher rates for a shorter haul than for a longer haul in the same section when the shorter is included within the longer.

BREWERS SUE SANTA FE.
Alleged Discriminating Tariffs Against
Prescott and in Favor of Los
Angeles Recited.

(ASSOCIATED PRESS NIGHT REPORT.) PRESCOTT, Ariz., Sept. 3.—A special to the Journal Miner from Washington says that papers were filed with the Interstate Commerce Commission today in a suit brought by the Arizona Brewing Company, the Harriman line the Santa Fe and the Santa Fe, Prescott and Phoenix railroads to recover \$5762.68, alleged overcharges for shipments of material from Los Angeles, Arizona City and Chicago, and paying for a cessation of what are termed grossly unjust and discriminating tariffs against Prescott and in favor of Los Angeles, El Paso and Albuquerque.

Commissioner Lane is soon to hold a session in California, and an effort is to be made to have the commission meet in Prescott to hear this case.

MOTORS FOR ESPEE.
MEETS TROLLEY COMPETITION.

(BY DIRECT WIRE TO THE TIMES.) RENO (Nev.) Sept. 3.—(Exclusive Dispatch.) To compete with Northern Electric passenger trains, which have ruined the Southern Pacific local traffic between Chico, Oroville, Marysville and Sacramento, the Harriman line in Northern California will be equipped with gasoline motor cars within two weeks.

Two of these cars, intended for runs out of Sacramento on the east side of the river, were taken through here this afternoon. The Southern Pacific has found that the Northern Electric three-car trains are taking all the local traffic, and in opposition to the electric line the gasoline cars will be operated.

PROHIBITS TWO-CENT FARE.
ARKANSAS INJUNCTION.

(ASSOCIATED PRESS NIGHT REPORT.) ST. PAUL (Minn.) Sept. 3.—Judge St. Paul today granted the injunction requested by the St. Louis, Iron Mountain & Southern, and three other roads operating in Arkansas, against the Arkansas State Railroad Commission.

The injunction restrains the commission from enforcing the new two-cent fare law and from interfering with the railroad in raising their freight rates on interstate traffic.

Western Pacific to Open.
OAKLAND, Sept. 3.—According to announcement made by the City Attorney to the Board of Public Works yesterday, the Western Pacific Railroad Company expects to have its Oakland line and San Francisco ferry connection in operation by November 1. This will mean the completion, it is stated, of all State connecting lines by that time as well.

TO IGNORE GERMANY.

(Continued from First Page.)

that Germany's move is regrettable and sure to complicate the settlement of the Moroccan problem.

GREAT BRITAIN
HOLDS ALOOF.

(ASSOCIATED PRESS NIGHT REPORT.) LONDON, Sept. 3.—It was learned today that the British government is holding aloof from Muli Hadid, the new Sultan of Morocco, for the present, but it proposes to recognize him in due time. British officialdom is irritated by the course adopted by Germany, which it regards as an attempt to gain influence over, and the good will of Muli Hadid, by stealing a march on the other powers.

Consultations are now going on between Great Britain, France and Spain, and there is no doubt that Great Britain and France will act together and probably insist that Muli Hadid promises to carry out the obligations of Morocco to the powers before they recognize him.

GERMANY DEFENDS.
PROMPT ACTION.

(ASSOCIATED PRESS NIGHT REPORT.) BERLIN, Sept. 3.—The action of Germany concerning Morocco, it was said today, is limited to the suggestion to the signatories to the Algeiras act that the time has arrived to recognize Muli Hadid as Sultan of Morocco.

Official wonderment is expressed at the agitation of the French and English newspapers over the Moroccan situation. They act as though Germany had done something outside her powers instead of something that one of the signatory powers must do if the Moroccan situation is to be cleared up.

Muli Hadid has informed the powers on several occasions that he is fully observing the terms of the Algeiras convention and he will doubtless repeat these pledges if it so is regarded as a necessary preliminary to his recognition.

It appears here that the French government desires to make certain private arrangements with Muli Hadid before coming out in behalf of the legitimacy of his claim to the sultanate.

Another probable cause for the dissatisfaction in Paris is that certain French interests means to join the French since the beginning of the Civil War and now they would like to persuade or compel Muli Hadid to take over responsibility for these transactions. From the German point of view, this is unjust.

FRENCH TROOPS
IN FORCED MARCH.

(ASSOCIATED PRESS NIGHT REPORT.) COLOMB-BECHAR (Algeria) Sept. 3.—A French reinforcement column is now proceeding under forced marches to Bouleah, on the Algerian frontier. A French detachment of 5000 men is surrounded by Bedouins, estimated at 15,000. The French intend to take the offensive as soon as these reinforcements arrive.

WOMAN IN OMAHA MYSTERY.
Companion of Doctor Tells of Her
Walk Toward Home With
Him.

(ASSOCIATED PRESS NIGHT REPORT.) OMAHA (Neb.) Sept. 3.—There is an undercurrent of feeling that something of a startling nature will develop within a day or so in the Rustin murder mystery. The incident occurred on Tuesday night by which time the chief of police and county attorney say they expect to be able to lay all the evidence before a coroner's jury.

The funeral occurs Saturday and the inquest was held off to give the widow an opportunity to testify.

It was known that Rustin reached his home about midnight Tuesday night and that the shooting occurred at 3 o'clock Wednesday morning. What occurred at the Rustin home during the three hours that intervened has not developed and no person is permitted to interview Mrs. Rustin.

Several statements have been given out by friends of Mr. Rustin in his behalf but she has not talked to any person except Chief Donahue and Dr. J. Mackay, rector of All Saints Church, of which she is a member.

The great mystery has been maintained by those who have talked to the widow. Miss Leona Bonnell was seen with Rustin late Tuesday night and is said to be walked to within two blocks of his home with him. Rustin was seen by at least three persons within two blocks of his residence, apparently headed for home, at midnight.

Miss Bonnell, who is also known as Mrs. Rice, was given a swathing at Chief Donahue's office today and it was learned later that the chief accused a written statement from the woman that she admitted the facts relative to her accompanying Rustin to a point near his home Tuesday night.

The statement also says that by appointment she awaited an hour for him to return and that she three times called him by telephone to inquire about him. Each time she was told the doctor had not yet reached home.

BANKS HOLD
ENOUGH BONDS.

Securities Would Provide for
Emergency.

Aldrich-Vreeland Bill Is
Found Practicable.

Over One Hundred and Sixty-
five Millions, Total.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Sept. 3.—The summary of reports of condition of the national banks at the close of business July 15, 1908, shows the total of the banks, to be \$165,875,229.

With a view to determining the amount of assets of this nature that would be available as securities for the additional circulation provided by the Aldrich-Vreeland bill, in the event of an emergency, the Comptroller of the Currency has made a classification of the items which show that of the total resources, the banks offered bonds and securities to the amount of \$51,575,229, book value, classified as follows:

State, city, town, county, municipal or district bonds, \$102,144,000.

Railroad and other corporation bonds, \$50,435,600.

Miscellaneous bonds, not classified, \$17,295,629.

Judgments, claims, etc., \$136,015,708.

It will be noted the assets in question are ample in amount to provide security for additional circulation to the limit authorized by the Aldrich-Vreeland bill without resorting to commercial paper; that is, approximately, 9 per cent. of the total resources, etc., bonds; over 48 per cent. of railroad and other corporation bonds, and over 53 per cent. of the combined investments of this character.

During the month of August, 1908, 20 national banking associations, with a total capital of \$1,445,000, were authorized to begin business. Of the number, ten with capital of \$200,000, were banks with individual capital of less than \$50,000, and ten with capital of \$50,000 or more, with individual capital of \$5,000 or over.

WASHINGTON BRIEFS.

Await Sternburg's Successor.

WASHINGTON, Sept. 3.—It is understood here that the announcement of a successor to the late Baron Sternburg, Ambassador to the United States, may not be expected before the middle of September. Some of the more prominent names of Germany, who may be considered by Emperor William in the selection of a successor, are not yet known.

It is understood that the return may be awaited before it is formally taken up.

Mrs. Paul Hudson and her children and Mrs. M. J. West of Mexico City, are at the Lansdowne. Mrs. Hudson is the wife of the editor of the Mexico City Herald, the largest American newspaper in the republic. He will arrive here later and join his family for a short sojourn.

J. N. MacCauley, an ink manufacturer, is staying at the Hollenbeck for a few days. He came from the Orient several days ago, and will leave soon for Australia. His home is in Berkeley.

Suspected of Murder, Writes Note, Then Shoots.

(ASSOCIATED PRESS NIGHT REPORT.)
OAKLAND, Sept. 3.—Under suspicion and police surveillance, Daniel Donohue, supposed husband of Mrs. Alice Donohue, the woman who was murdered and buried in Emeryville, a suburb of Oakland, this forenoon killed himself in his home. He fired two shots into his mouth while he lay in his bed. His dead body was found by Deputy Coroner Sargent and Deputy Public Administrator Flood, who had gone to search for him.
Donohue was to have been forced to give proof this afternoon of his marriage to the murdered woman. He had already made application for the

\$2000 cash in bank and the life insurance of \$7000 left by Mrs. Donohue. He was under subpoena to appear as a witness at the inquest.
Coroner Tisdale waited an hour and ordered his deputy to go after Donohue. The deputy public administrator also went along.
OFFICERS FIND BODY.
The officers called at the Donohue home, 1264 Sixty-fourth street, Emeryville, and knocked repeatedly on the door. Receiving no answer, they forced an entrance and found Donohue's dead body. His hand still grasped the revolver with which he had ended his life. Donohue had killed himself before dressing. The body had on only a night shirt.
On a table was found this note: "Oakland, Cal., Sept. 2, 1930—I am innocent of this crime. If you find Joseph Berry you got the man that had or done the deed." The note was not signed.
Joseph Berry is the man with whom Mrs. Donohue is reported to have lived before she took up with Donohue. The police are now bending every effort to locate him. A card found in the Donohue house gives his address at one time as No. 734 Mission street, San Francisco.
The suicide of Donohue caused the continuance of the inquest until next Tuesday. It leaves the murder further than ever from solution.
BELIEVED NOT MARRIED.
That Donohue was not married to the dead woman is the belief of the authorities. The note left by him, however, is not fully believed, for

both Captain of Detectives Peterson and Sheriff Barker feel that Donohue was concerned in the murder, and shot himself when he knew that he must explain under oath his relations with Mrs. Donohue, and his haste in making application for her money and life insurance.
Donohue was last seen about 8 o'clock this morning. He was then in his home, but was undressed. He did not know until after that hour that the police suspected him of knowing more than he had told. That he shot himself as soon as he became aware that he was under the eye of the police, seems certain.
Neighbors of the Donohues state that as long as a month ago Donohue contemplated suicide. He stated then that he was worried over his wife's disappearance and thought he would end his life. Mrs. Donohue was last seen alive on the evening of June 11. On that evening she dined with her supposed husband. The chemist's report shows that the woman was killed within two hours after dinner.
The note left by Donohue will change the attitude of the police toward Gustave Ahlstedt, alias Arkell, who has been held on suspicion. It did not mention Arkell.

KILLS WIFE, PACKS BODY IN A TRUNK.

(ASSOCIATED PRESS NIGHT REPORT.)

BOSTON, Sept. 3.—A brutal crime was disclosed tonight by the discovery of the torso of Mrs. Horsh Jordan, an actress, aged 23 years, of Somerville, in a trunk in a boarding house at No. 7 Hancock street, on Beacon Hill, this city.
Later the head and bones of the limbs were found in the furnace of the Jordan home at Somerville, and the scalp, hair, and other remains, were taken from the kitchen range of the house.
Chester Jordan, aged 25 years, an actor of Somerville, is held by the police charged with the murder, and tonight, according to the officers, he made a complete confession of the crime.
Jordan is a brother of Mrs. Jesse L. Livermore, wife of the well-known stock and cotton speculator of New York. His parents, Mr. and Mrs. P. J. Jordan, and a sister, Mrs. Kendall, live in the latter city. Mrs. Chester Jordan was known on the stage as Irene

KILLED IN QUARREL.
According to Jordan's confession, he accidentally killed his wife, Tuesday night, in a quarrel at their home, and, becoming desperate over what he had done, he went out and bought a butcher knife and with this knife, a razor and shears, he cut up the body and placed the torso in a trunk. He then planned to take the steamer Harvard last night for New York and throw the parts of the body over-

board. The fact that the Harvard was laid off owing to an accident disarranged his plans, and he was obliged to hire a hackman to take the trunk to a Boston boarding house to await a more favorable opportunity.
The discovery of the crime was due to the suspicions of the hackman, George W. Collins, who had 10 mind taken place about Boston recently, and suspecting from its weight that trunk contained silverware, notified the police.
OPENS THE TRUNK.
Collins reported that he had taken the trunk from the North Station this morning, it having come in from Somerville on a local train. The hackman stated he left Jordan and the trunk this afternoon at No. 7 Hancock street.
Sergeant Michael Crowley was detailed to go to the house and investigate. Jordan was not in, but the officer was shown the back room on the second floor, which Jordan had engaged, and found the trunk. About 5:30 Jordan returned, and was commanded to open the trunk.
Jordan did not appear nervous or alarmed, but hesitated to open the trunk, and it was not until after considerable argument that he produced the key to the trunk, and inserted it in the lock. Turning his head, Jordan threw up the cover of the trunk, and then sank back on his knees, burying his face in his hands and sobbing.
Sergeant Crowley staggered back against the door, for in the open trunk before him lay a sickening mass of hacked flesh, a woman's

Sergeant Crowley staggered back against the door, for in the open trunk before him lay a sickening mass of hacked flesh, a woman's

torso filling the greater part of the trunk, while pieces of flesh from other parts of the body were stuffed into the corners.
NO COVERING OVER BODY.
The entire trunk was bespattered with blood. There was no covering of any sort over the body. Jordan submitted to arrest without protest and was taken to station No. 3 and locked up. Giving his name and address he declared the body was that of his wife, and said he was perfectly willing to tell everything regarding the case. For more than four hours Jordan was closeted with the police officials and time after time went over the horrible details while he professed that he was dazed when the crime was committed, yet by the clearness and consciousness of his tale it seemed apparent that whatever preceded the actual killing, the covering of the crime was carefully planned.
The story of the murder was substantially as follows:
He stated that he was married in September, 1924, to Mrs. Honora Eddy, whose maiden name was O'Reilly, and whose home was in Somerville. He did not know who his wife's first husband was or what had become of him. The couple went on the vaudeville stage. Mr. Jordan taking the part of a tramp and his wife that of a nurse in a sketch. They went first to Butte four years ago, but only remained there three or four weeks.

Later they went to Chicago and appeared in some of the theaters there, remaining three months.
JEALOUSY THE CAUSE.
About three years ago they returned to Somerville and took a flat in the house at No. 599 Medford street. Mrs. Jordan, according to her husband, had taken to drinking of late, he claims, and was associating with other men and he became jealous. It was in a jealous quarrel that the trouble started which ended in the death of the wife. Jordan declares that his wife struck him first, that he then knocked his wife downstairs, and was horrified to find that he had killed her. This happened at 7:30 o'clock Tuesday night. Fearing discovery, he conceived the idea of cutting the body up, taking it away on one of the steamers, and throwing the parts of it overboard, and then reporting to the police that his wife had left him.
Jordan, according to his confession, went out and bought a heavy butcher knife. With this and a razor and shears he severed the head of the body and, after putting the scalp and hair in the kitchen range, placed the skull in the furnace in the cellar. The legs and arms were cut from the body and the flesh sliced off, leaving the bones practically bare. The bones were placed in the furnace, and the chunks of flesh piled into a trunk with the nurse in a sketch. The trunk was taken to the Somerville station and shipped to Boston some time yesterday.

THE CITY IN BRIEF

Something to crow about!

NEWS AND BUSINESS.

Whiteside County Picnic.
A basket picnic will be held in East-lake Park, Monday, Sept. 7, by the Whiteside County Association, which has about 150 members.

Land Office Busy.
The business in the local Land Office for August shows a decided increase over the corresponding month of last year. The receipts from the sale of land amounted to \$250,000, and commissions, \$77,477; other receipts, \$408,643, making a total of \$645,920.

Boys' Bucket Brigade.
When the home of Mrs. Minnie Honzeger, No. 234 North Banker Hill avenue, caught fire yesterday from crossed wires, boys formed a bucket brigade and saved the house. Before the engines arrived the fire was under control. The damage was about \$250.

Charges Pile up.
The detective department has received word that John E. Boswell, who is in the City Jail, accused of embezzling \$200 from Haas, Baruch & Co., is wanted in El Paso and on Tuesday having appropriated \$2500 belonging to the El Paso Street Railway Company. He was cashier of the concern.

Gets Reprimand.
C. L. Swain, the Indian agent who absented himself from the United States District Court when summoned there as a witness, was discharged from technical custody yesterday by Judge Wellborn. The court administered a reprimand to Swain, but stated that the case did not warrant the imposition of a fine.

Removal of Library.
The work of removing the public library to the Hamburger building will begin on Monday and on Tuesday the general literature room will be open in the new building. Other departments will follow daily, but for the full week both the old and new quarters will be open to the public.

Find Safe Unlocked.
An unlocked safe in the plumbers' shop of Thompson Bros. No. 315 West Third street, proved easy for thieves who entered the store early yesterday morning and secured \$25, a check, and a fountain pen. Employees failed to close and lock the safe on leaving Wednesday night.

Fire, and no Water.
Fire of unknown origin destroyed the home of W. H. Stuvall at Berend and Ellice streets yesterday morning. The house was a five-room bungalow, and was only ten feet outside of the city limits, but it took the fire department half an hour to reach the place. It was then unable to throw any water on the house, as the nearest pump is a quarter of a mile away.

Pine Veteran Dies.
Mrs. L. E. Cont, 60, for sixteen years a member of the Los Angeles fire department, died yesterday at the home of her son, No. 188 East Thirty-sixth place. On March 1, 1902, Le Cont entered the service and until January of this year served continuously as engineer. He was retired on half pay after reaching the sixty-year limit. He had an excellent record.

Injured Alighting from Car.
John Barker, an old man residing at No. 225 North Grand avenue, was painfully injured while trying to alight from a Temple-street car yesterday afternoon at Temple street and Grand avenue. He evidently thought the car had stopped, and stepped off. He was thrown heavily on his head and shoulder. The police ambulance was called, but at the request of his son he was taken home.

Whose Motorcycle?
An almost new Royal motorcycle was found lying on the sidewalk at Pico and Main streets early yesterday morning. The bike had apparently been dropped from a wagon, as wheel marks showed where the rig had been driven away from the spot where the machine was found. The seat was missing. The police believe the machine was stolen, and detectives will try to find the owner.

That Oil Nuisance Again.
Charles A. Blackmar, oil inspector, swore to a complaint in Justice A. B. Clinton's court yesterday charging W. H. Clinton, president of the Los Angeles Gas and Electric Company, and Champ E. Vance, manager of operation, with allowing refuse oil to flow into the bed of the Los Angeles River. For more than two years this case has been an issue between the gas company and the City Board of Public Works.

Van Blocks Traffic.
While one of the immense vans of the Pacific Transfer Company, heavily loaded, was turning out of the car tracks in Spring street, between Fourth and Fifth streets, yesterday afternoon, one of the rear wheels broke, precipitating the load to the pavement. Traffic going north was held up for more than half an hour, and cars were finally sent around by Main street until a wrecking crew had removed the obstruction.

Funeral of Pioneer.
The funeral of the late Alfred James, pioneer resident of the city, who died yesterday afternoon at the parlors of Bessie Brothers, 114 North Main street, was held at the Los Angeles County Pioneer Association, and the funeral took place at the parlors of Bessie Brothers, 114 North Main street, at 2 o'clock. The remains were followed by a long line of carriages. The following persons acted as mourners: J. W. Gillette, H. C. Austin, H. D. Burrows, J. G. Newell, J. L. Slagter and E. A. DeCamp.

Blind Man Fight.
Picking his way along Broadway yesterday with a long staff, "Blind John," an organ grinder, ran into L. D. Young, also blind, who sits near the entrance to the City Hall selling lead pencils and photographs. Spectators next saw the two old men grappling and using harsh language. They struck wildly at each other after being separated, and mistook friendly hands that parted them for each other's. Two blind men fighting was something new for Broadway, and a crowd soon collected which a patrolman had difficulty in dispersing. "Blind John" was so hostile that the officer had to take him to the station. Those who know them say enmity exists because the organ grinder wants Young's advantageous position for mendicant industry.

PROSPEROUS YEAR.

Claremont Citrus Association Reports Satisfactory Season—Enthusiastic and Harmonious Meeting.

CLAREMONT, Sept. 4.—The annual meeting of the Claremont Citrus Association was held yesterday at the packing-house, and was largely attended, the enthusiasm and harmony among the growers being especially noted, due to the prosperous condition of the society, which is practically out of debt. The able management by W. K. Palmer has made the past year a satisfactory one.

During the year 345 cars of oranges were shipped. Of this number ninety per cent. have been Washington navel. The sum of \$175,000 has been disbursed among the growers, the navel averaging \$1.31 per 100 pounds, the Valencia, \$2.37; Mediterranean Sweet, \$2.52; St. Michaels, \$2.37; seedlings, \$2.48; bloods, \$2.38; tangerines, \$1.29.

The following directors were elected for the ensuing year: V. V. Lefroy, president; C. S. Valle, vice-president; J. J. Becker, secretary; Ira Scofield, W. S. Jones; W. T. Palmer, manager.

TACOMA GETS ENCAMPMENT.
BOSTON, Sept. 3.—The Spanish War Veterans voted to hold their next encampment at Tacoma, Wash.

DEATH OF MRS. GILBERT.
Mrs. Julia H. Gilbert, the wife of John M. Gilbert, died at 2 o'clock yesterday afternoon at the Pacific Hospital, at the age of 50 years. Funeral services will be held at the Bessie Brothers, No. 335 South Figueroa street, at 4 o'clock Saturday afternoon, conducted by Rev. Mr. W. E. Ideman of St. Paul's Cathedral. Friends of the family are invited to attend.

Mr. and Mrs. Gilbert had virtually made their home in Los Angeles for the last twenty years and had spent the greater part of their time here, having apartments at leading hotels. Mr. Gilbert called Buffalo, N. Y., his home, however, as he had extended business interests there in addition to his large property holdings in the city of Los Angeles. They had many friends here whose knowledge of Mrs. Gilbert's gracious qualities will make the stronger their sympathy for her husband.

The interment will take place later at the family burial lots in Osageo, N. Y.—Adv.

METAL vs. WOOD
Why the Metal Action
of the
FARRAND-CECILIAN
PIANO
IS SUPERIOR
Science has shown that 90 per cent. of the difficulties found in Player
pianos of various makes is caused by atmospheric conditions. The old
wood actions are affected by heat, cold and dampness and are,
therefore, not to be depended upon.
The Farrand-Cecilian Piano is the only self-playing instrument that
is constructed with an all-metal action, on which climatic conditions
have no effect whatever—consequently there is practically no need of
tuning. Another reason why the all-metal action of the Farrand-Cecilian
Piano is superior is that it assures a more delicate touch and a far
more stroke when required. With this action dirt and vermin can do
no harm.

THREE ADDITIONAL WARRANTS
FOR CARLSON.
Banker Taken in Custody for Third
Time and Given Bonds for Appear-
ance—Large Sums Named as Cred-
ited to His Alleged Dummy Com-
panies—Files Answer.
While William H. Carlson was filing
an answer in the County Clerk's office
at 5 o'clock yesterday afternoon to the
Attorney-General's suit to secure a
receivership for the defunct Consolidated
Bank of Los Angeles, Deputy
Constable John Johnson was looking
for him, with warrants for his arrest
on three additional complaints issued
by the District Attorney.
Carlson went from the Courthouse to
the offices of his counsel, Gage &
Foey, and there he was taken in cus-
tody. The three complaints are sworn
to by S. L. Brown. One charges him
with having made a felonious false
entry of a \$500 note on the books of
the Consolidated Bank, November 5,
1906, given without consideration, by
parties whose names are not disclosed.
The other two complaints charge the
embezzlement of \$13,000 and \$19,000
respectively. These amounts represent a
total of various sums alleged to have
been deposited at various times to the
credit of the Los Angeles Securities
Company (Carlson) and the Carlson
Investment Company (Carlson), and
feloniously appropriated for Carlson's
own purposes. Sixteen separate com-
plaints have been lodged by the Dis-
trict Attorney to date.
After communicating with various
friends, Carlson went to Judge S.
Phipps's residence late last evening,
where Deputy District Attorney Blair
finally agreed to accept \$500 bond on
the part of the charges and release Carl-
son on his own recognizance on the
others until Saturday, on the under-
standing that at that time the amount
of the bond shall be talked. Mrs. Susan
de Pico and her father, Don Francisco
Pico, were accepted as sureties.
Clarence Smith and Ernest Pico
were the first bondsmen offered, but
Blair rejected them on the ground
that Pico holds a Carlson deed to his
property at Redondo, while the Smiths
hold property at Imperial Junction, from
Mrs. Carlson. Smith is also an em-
ployee of the Carlson Investment Com-
pany.
The answer which was filed
yesterday afternoon by Carlson to the
Attorney-General's suit contains no
statements in the nature of an ex-
planation, but consists solely of a for-
mal denial of each statement in the
complaint. The bank is declared to be
solvent, and all allegations of
embezzlement are denied. After Carlson
had filed the answer he talked about the
charges pending against him.
"I am not going to make a detailed
statement yet, but I have been too
busy," he said, "but later I shall prob-
ably get out such a statement for the
public. If I took time to deny every-
thing that is said about me I would
have time for anything else and I am
very busy. But I am not guilty of
anything, and I am not conscious of
having done anything wrong."

over my completed trolley line from
Hermosa Beach to the Huntington
Beach station, and I am running a
little time I want you to take a ride

plished."

THREE FILE CHARGES.
Dr. Douglass says this meeting will
be held and that it is for the purpose
of considering such charges as may
be brought before it. And Attorney
Rogers is busy getting his facts to-
gether so that the board will not be
without formal charges when it meets.
For those already made, have been
through the newspapers.
As to the main charges, that the
Cooper students were given advan-
tages, it is asserted the affidavits will
show that forty-two students of the
Cooper College were segregated in the
basement of the Cooper College and
placed in charge of a sophomore and
one of the Cooper instructors.
They had access, it is alleged, to
a laboratory which aided them in their
work. But the complainants will seek
to establish the credibility of their
charges largely on the examination of
the answers of the pupils themselves.
The rocks on which most of the
"faked" students were wrecked were
the questions in histology. These
questions concerned the cortex of the
brain and the contents of the ear—things
extraneous to general practice and of
interest only to specialists. The
answers have been catch-questions
with which a fresh student alone would
be familiar.
In the answers to the questions, not
only in histology but in other things,
those making the charges will endeavor
to show that the students were given
advantages.

FIVE THOUSAND MORE
FROM EAST TODAY.

THE first of the eastern visitors to take advantage of the special
colonist rates, put into force on the 1st inst. by the various trans-
continental lines, will arrive today. Local railroad men estimate
that within the next ten hours fully 5000 people will reach Los Angeles.
The demand for colonist tickets has surprised the most sanguine,
and practically all the extra rolling stock of the companies has been
called into use to handle the unprecedented traffic.
The colonists due today are mostly from the Middle Western
States and the Missouri River points. Central Iowa, Indiana and Ohio
will be largely represented, along with States farther west.

The first train will be over the Santa
Fe. It is due at 8:30 o'clock this
morning, and will consist probably of
three sections. A special call was made
for sleeping cars to accommodate
those who purchased tickets on it, and
nine extra tourist cars were attached,
making fourteen tourist sleepers in all.
These sleepers are in addition to the
ten or more chair cars and day
coaches.

Santa Fe officials say there has been
a rush to secure sleeping-car accom-
modations on the trains, and that, in
spite of the augmented service, it was
impossible to bring all who wanted to
come the first day. Local passenger
agents of the company place their es-
timate of the day's arrivals over that
line at 2000.

Though no information has been re-
ceived at the local Southern Pacific
office as to the number of coaches
attached to the train which will bring
the first lot of colonists over that sys-
tem today, advice from the East give
the information that there has been
an unexpected demand for accommo-
dations. There will not be a vacant
berth, and the day coaches and chair
cars are crowded.
The Southern Pacific colonist train
is scheduled to arrive at 2:30 o'clock
this afternoon. No exact figures are
available as to the number of passen-
gers, but local officials of the company
do not believe it will fall below 2000.

BANK TELLER
LOSES LOVE.

Girl Sues Him for Damages
for Seduction.

Sad Heart Story of a Young
English Nurse.

Defendant Is Said to Have
Sure Defense.

Charging her lover, W. Curtis
Springer, a well-known young bank
teller of Los Angeles, with seduction,
Miss Mary M. E. Evans, an attractive
nurse, yesterday, filed a suit in the Su-
perior Court, seeking \$10,000 damages
from the young man.
The story she tells is pitiful. Thou-
sands of miles away from her home and
friends, the little English maid trusted
the love she alleges Springer offered her.
She had no friends to advise her,
no one in whom to confide. The natural
reserve of her nation kept her secret,
what afool from the kindly attention
of the women in the quiet little hotel
where she boarded.
She had no friends among either sex
until she met Springer. An acquaint-
ance resulted in an intimate friendship,
which Miss Evans says developed into
love.
The action alleges the two young
people became engaged on August 15.
It further alleges that on August 26,
Springer and Miss Evans registered at
a local hotel as man and wife.
Five days after that occurrence, Miss
Evans says Springer, renounced her,
would hear nothing of her entreaties
and cast her off, refusing to have any-
thing more to do with her, forgetting
the love he is alleged to have pledged.

WELL KNOWN HERE.
Springer is well known in the younger
set of Los Angeles society. He came
to Los Angeles from Michigan some
time ago. He first worked for the
Citizens' National Bank, later secur-
ing the position of paying teller in the
Southern Trust Company. He is 28
years of age, and lives on West Eighth
street.
The young man has always borne a
spotless reputation, and his friends are
loyal to him, stating that he has a fine
story to the story that will refute the
charges.
Attorney F. G. Bryant, representing
Springer, said yesterday: "Mr. Spring-
er will not make a statement regard-
ing the details of the case at the pre-
sent time. He authorizes me to state
in his behalf that the charges against
him are untrue and that he has every
reason to believe himself in a position
to prove them to be false. We shall
not at the present time disclose our
defense by going into the details of the
evidence we hold for our side and will
trust in the loyalty of Mr. Springer's
friends until such time as he can
make his statement in court."

BUSINESS AND LOVE.
The first meeting between Springer
and Miss Evans was in last April.
The younger woman had not been in
Los Angeles long. She had studied as
a trained nurse in London, received
her diploma and then, leaving her
relatives and friends, she came to
America to try and win a good name
in her chosen profession. Her first
conversations with Springer were of
a business character. Then she be-
came homesick for the society she had
known when at home.
In the hotel where she lived the
proprietor kept a big phonograph.
Guests state that the homesick young
lady would listen to the records of
English songs she loved and listen
before the machine would listen with
tears in her eyes when she heard the
familiar music of her mother country.
"Miss Evans met Springer in April
when she went to the bank where he
was employed, to make deposits," said
Attorney R. W. Kemp, who has been
retained by the young woman.
"A friendly acquaintance sprang up
between the beautiful girl and the
young man. He asked if he might
call upon her and she consented."

LOW RATES TO PHOENIX.
Santa Fe Announces Greatly Reduced
Rates on Settlers' Tickets to
Arizona This Month.
On the 8th, 12th, 15th, 19th and 22nd
insts., the Santa Fe will sell special
settlers' tickets to Phoenix, Ariz., and
return for \$20. In order to secure the
special rate it is required that there
be at least three in a party. The re-
turn coupons are limited to fifteen
days. For some time the company has
made a practice of selling special
round-trip tickets on Tuesdays and
Saturdays for \$25.50. The \$20 rate is
a decided innovation.
Today and tomorrow special round-
trip tickets to San Diego will be sold
over the Santa Fe for \$2. The return

HEART TRAGEDY.
DOUBLE SUIT
BY HUSBAND.
Superintendent of Big Store
Is Involved.
Wife of Teamster Confesses
in Queer Story.
Motive for Actions Said to
Be Blackmail.

Two sensational complaints were
filed in the Superior Court late yester-
day by Attorney Thomas Wilkes,
acting for Clarence L. Draper. The first
is against the latter's wife, Sybil Draper,
for divorce, and the other against
William C. Doyle, superintendent of
the Broadway Department Store, for
criminal conversation with Mrs. Draper,
and demanding damages in the
sum of \$10,000.
In behalf of Mr. Doyle, both as co-
respondent in the divorce suit, and as
defendant in the damage suit, it is
asserted that the whole case is one of
blackmail.

The divorce complaint alleges criminal
intimacy between Doyle and Mrs.
Draper, and names the former as co-
respondent. The exact dates are set
out in the complaint, founded upon a
sworn confession made by Mrs. Draper,
and also upon the affidavit of Mrs.
Mabel Folz, proprietor of the Zea-
land rooming house at No. 444 South
Broadway.
In her affidavit Mrs. Folz says that
Doyle and Mrs. Draper occupied a room
in her house on the following dates:
July 24, 1908, registering as Mr. and
Mrs. Vandemark; July 31, registering
as Mr. and Mrs. J. W. Sparks; also
once in June, registering as Mr. and
Mrs. Jack Kelley; and again early in
August, registering as Mr. and Mrs.
H. T. Gilbert.

LITTLE KNOWN LAW.
The damage suit against Doyle is
under the State law making criminal
conversation with another man's wife
sufficient cause for a claim for damages.
The pathetic side of the case is that
Draper suspected his wife, on account
of her absence at night, and finally
took the case in the hands of a detective,
who made the discovery. Draper forth-
with put his wife out of his house and
found himself with a motherless home
for his four-year-old little daughter.
Attorney Wilkes said, yesterday, that
in her extremity, the woman then
turned to Doyle and pleaded for a po-
sition in the store, but he coldly turned
her away and made sport of her
predicament.

WOMAN'S PATHETIC STORY.
Mrs. Draper, a comely young woman,
in the belief that she could secure
a criminal complaint against Doyle,
through the Police Court, yesterday
applied to the City Prosecuting Attor-
ney for that purpose. This is the story
she tells:
Her husband, Lawrence P. Draper,
is a teamster. They lived in a little
cottage at No. 2559 Malabar street,
upon which a mortgage rests. It was
finally determined between herself and
husband that she should secure a po-
sition in a store in order to help pay
off the mortgage.
She says she went to the Broadway
Department Store and applied to Mr.
Doyle, the superintendent. At the close
of the interview she says he promised
her a position at \$12 a week, but told
her that there was no vacancy at that
time and asked her to come back. For
several weeks this was continued, the
promise of a position being renewed,
and the friendliness between the
two growing more confidential.
She says finally she yielded to the
Doyle, and continued in the belief
that she was to have a place in the
store, until her husband discovered her
infidelity through a detective.

OFFICIAL STATEMENT.
Mr. Doyle last evening was em-
phatic in his declaration that the suit

LINE UP.
TIDE-LANDS BATTLE
WILL OPEN TODAY.

WITH the selection of James A.
Anderson, formerly president of
the Board of Public Works, as
special counsel for the Los Angeles
Harbor Commission, active steps will
be taken today looking to the ultimate
recovery of all the tide-land patents
to the ground underlying the waters
of the inner harbor at San Pedro.
As soon as the proper pleadings are
drawn, they will be taken to Sacra-
mento by Secretary A. P. Fleming of
the commission and submitted to
Atty-Gen. L. S. Webb, for his ap-
proval. Shortly after suits will be
brought "at the relation of the people
of the State of California" against all
the claimants under tide-land patents.
These suits are to be brought in
the name of the people in order to re-
store the lands to the people," stated
Secretary Fleming last night. "The
commission has taken this course, as
directed by the City Council. Los An-
geles is prosecuting the actions for the
sole benefit of the public. No individual
is directly benefited; it is the welfare
of the citizens at large that is to be
restored. The commission is merely
trustee of the public's interests. This
legal campaign is to be managed eco-
nomically, but nothing that can aid in
the accomplishment of our purpose will
be left undone."

The east and west basins of the in-
ner harbor are filled with water at high
tide and were in years past reserved
as navigable waters for the use and
benefit of the public.
They were formerly claimed as a
part of the Rancho San Pedro, a Span-
ish grant of occupancy recognized by
Mexico, but not finally confirmed by
the United States. Later, the Mexican
government with the concurrence of
the grantee of the Rancho San Pedro,
granted to another party, the Federal
Ranch, adjoining the San Pedro grant
on the west. The Board of Land
Commissioners created by Congress,
confirmed the two ranches, designating
the ocean as the south boundary. These
decisions were later sustained by
the Federal Court. When the
ranches were surveyed in 1857 and
1859 by the United States, upon which
surveys patents were issued, the Sur-
veyor-General created by two basins
as navigable waters of the United
States and the government in grant-
ing patents, reserved the harbor.
Later by what is believed to be a
misapplication of the State act in re-
gard to swamp, overflowed, salt marsh
and tide lands, the State sold about
seven-eighths of the two basins as
tidal lands. The lands were purchased
for about \$1 an acre upon the theory
that they could be reclaimed for pur-
poses of agriculture.
This view is disputed by the Harbor
Commission and the efforts of its at-
torneys will be directed to prove the
invalidity of patents based upon an
erroneous ruling.
It is admitted that it is only just to
pay the claimants the cost of their
lands, including interest and to make
an equitable settlement.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Capt. Michael McMahon has asked the Fire Commission to retire him because of physical disability.

W. Mayor was adjudged insane in Judge Bordwell's court yesterday and committed to Patton.

Louis F. Courtial gave testimony yesterday in Judge James's court in the suit of Mrs. Hortense Courtial for divorce from him on grounds of cruelty.

W. H. Brumley, a pupil in a barber college, was fined \$5 yesterday by Justice Austin for disturbing the peace.

The case of Dave Villa, charged with the murder of José Sanchez, was set for Wednesday.

AT THE CITY HALL.

OLD FIREMAN SEEKS PENSION.

CAPT. McMAHON GIVES UP AFTER LONG-TIME SERVICE.

For Nearly Three Decades Has Served as Fireman or Patrolman, Has Had His Share of Knocks, and Blames Them as Cause of Physical Disability.

After twenty years of fire fighting in Los Angeles, Capt. Michael McMahon of Engine Company No. 16, and assistant chief in 1912, has asked to be placed on the pension rolls because of physical disability. The request came before the Fire Commission yesterday morning.

McMahon, 62 years old, has served the city for nearly three decades, either as patrolman or fireman. In all that time he has never received official censure. He is one of the well-known men of the city. He first spent many years of the police force before joining the fire department February 1, 1888.

From that time until now, with the exception of two years when a change of administration in 1905 put him out of the service, he has been one of the best of the fire brigade.

Only recently have the "knocks" of his dangerous work told on his magnificent physique. He suffers from rheumatism and diabetes and several times lately has collapsed in his work at the engine house. By age and years of service he is entitled to retirement, but he has to give up.

"If I was physically what I used to be," said McMahon yesterday, "age or years of service would not tempt me to quit the work I love. Even its dangers are dear to me, and as for my superiors I could do anything they told me to do."

He is one of the best of the fire fighters who ever lived.

In the "old days," as the older members of the firemen call them, McMahon, standing six feet within the fraction of an inch, and of athletic figure, was known as one of the hardest men in the department for scrappy work. As a patrolman he was irresistible, and as a fireman he seemed to be nothing that feared him.

"Knocks," as he calls them, received when the roof of the old building fell on him in 1912; when his engine crossing the bed of the Los Angeles River in 1913 hit a chuckhole and threw him between the horses; when he fell at the burning of the Banning home and when he was taken out unconscious after an effort to rescue a brother fireman, the things that he accuses of breaking his physical strength.

McMahon's application has the endorsement of Drs. L. M. Powers and J. A. McGarry, and there is little doubt that his application will be granted. His pension will amount to \$2.20 a month, with retirement will secure a number of promotions.

Acting Chief O'Donnell reported the death of J. L. Le Count, an engineer in the fire department, who had been on the pension list since last January. He, too, had served over twenty years.

The board received the application of F. Courtial for reinstatement. He left the service three years ago while a houseman at Engine Company No. 16. The board cited houseman W. A. Turner to appear before it on a charge of striking his sister-in-law.

S. O. McMichael, an engineer at company No. 4, tendered his resignation, which the board accepted.

Mayor Is Dubious.

While the city clerk is canvassing the hotels and boarding houses to prepare for the new ordinance passed by the Council last Monday and intended to be in force October 1, the city is holding the ordinance without his approval. He may not approve it at all unless he is satisfied that it fits the case and is just to the city. It is to affect. The Mayor is to receive some expert advice before he passes judgment.

AT THE COURTHOUSE.

FOUND INSANE FROM LIQUOR.

VICTIM OF ALCOHOL BEGAN TO DRINK WHEN BOY.

Once He Sold His Inheritance for Small Sum and Two Bottles of Whisky—While a Prisoner He Nearly Murders Comrade on the Chain Gang.

Fourteen years of steady indulgence in liquor had their culmination yesterday in Judge Bordwell's court, when W. Mayor, 23 years old, was adjudged insane by a jury and committed to Patton by the court, until he had recovered his sanity. He will then be required to answer in the Superior Court to a charge of assault with a deadly weapon upon M. O. Walker, a fellow member of the county chain gang, July 14, near the pest-house.

"My brother has acted queerly for years," said Mrs. Buck, his sister. "He became a drunkard when he was 14 years old. Up to two years ago, I saw him two or three times a week in my home, and almost invariably he was under the influence of liquor. He always said that he wasn't drinking much. But when he received a \$100 equity in my mother's estate, at her death six years ago, he sold it one day for \$45 and two bottles of whisky. He has been in jail three times here, always on account of drink."

"I think Mayor insane," said E. P. Polps, captain of the chain gang. "The morning of July 14, when I took him out with the chain gang, he acted very nervous, but he began to go, and when the prisoners were walking from the wagon, he seized heavy

Capt. Michael McMahon, of the Fire Department, who asked to be placed on the retired list yesterday.

stake and struck M. O. Walker, a stranger to him, over the head. He was handcuffed at once while he was in a trembling fit, and seemed altogether unconscious of what he had done. But he said that all the prisoners in the County Jail had tried to kill him the previous night, and he intended to kill them all.

"I am continually persecuted and my family is subject to the control of a Chicago hyphen," said McMahon. "I don't remember anything about hitting Walker. What my sister says about my selling my mother's property is true. I have been drinking for years."

Walker, the man whom Mayor hit, was taken to the County Hospital, where he was for a time in a grave condition, but he has now recovered.

SLAPPED WIFE.

SAYS HE AVENGED WRONG.

Two sound slaps was the punishment that Louis Courtial visited on his wife when he discovered, twelve years ago, that she loved Charles Payard more than she did him. Courtial testified yesterday in Judge James's court during the trial of Mrs. Hortense Courtial's suit for divorce on grounds of cruelty, to which Courtial replied with a charge of adultery naming Payard as corespondent.

"I have suspection for two years at my wife's love for Payard," said Courtial. "So when I got in one morning and go to my work, I come back home by six o'clock and see my wife and Payard in the front door. Then I skip around—what you call him?—I make my skidoo, so I go in my wife's room and I catch them there."

"What do I do to my wife? I give her two sound slaps on the face and she remember to this day and I grab Payard and put him out of see house. Do you think I am a man?"

Not so, I go away, and I stay away for three months before I live with her again. I am a man, I live with my wife right along when she do such a thing."

During this narrative, Mrs. Courtial repeatedly raised her hands in protest, hammered on the table, uttered many stifled exclamations and manifested such an intense emotion that she had to be pulled back by the police.

Further testimony was given by the witness as to his alleged love affair with Payard, who was a partner in the purchase of property by his wife, and to these statements, Mrs. Courtial took equally dramatic expression in her testimony.

While the witnesses aligned and explained in sympathy with her even more than at his other testimony, Mrs. Courtial's statements, asserting that his relations with Mrs. Courtial were of a purely platonic nature. Another witness testified that he had once seen Payard and Courtial fighting and that both were drunk.

LEAVE SUDDENLY.

HUSBANDS FLEE FROM WIVES.

Mrs. Margaret M. Smith secured a divorce from Arthur E. Smith in Judge James's court yesterday on grounds of desertion that occurred in May, 1907, after five years of married life.

"Smith had been drinking heavily all day and he became very violent and grip, and left," Mrs. Smith said. "I knew of no reason for the desertion, and he has never given me any, but he has refused my repeated requests for money for my support. He sent for me a month ago to return the jewelry he had given me, and then refused to live with me again."

Mrs. Louisa Freudenthal secured a divorce from Frederick Freudenthal in Judge James's court yesterday on grounds of desertion, which she testified occurred in March, 1906.

"I don't know why he left," she said. "But he simply told me he was going away, and I have never seen him since. He had said and done many things that made me cry. Since then I have lived with my mother, and I have never been able to get a trace of my husband."

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

STOCKHOLDERS' LIABILITY. T. R. Gabel yesterday filed in the Superior Court an appeal from a decision of the Board of Supervisors, August 5, by which J. D. S. Chalmers, as assignee for the First National Bank, was granted \$100 judgment against Gabel, who is a stockholder in the bank.

The complaint alleged that Gabel is a stockholder in the First National Bank, and that the various stockholders of the corporation owe the bank a total of \$100,000 on a note given by it, and that the various stockholders of the corporation are liable for their proportionate shares of the amount. About 160 stockholders are affected by the decision in the present case.

CHARGES FRAUD. Alleging that C. J. Terry, by false representation, induced him to engage in a commercial advertising business, Thomas A. Stone yesterday filed in the Superior Court a suit against Terry to recover \$125. The plaintiff alleges that he formed a partnership with Terry in October, 1927, contributing \$250, and that Terry did not observe the terms of the partnership agreement.

MAINTENANCE. Mrs. Clara Bernheim yesterday filed in the Superior Court a suit against Max Bernheim for maintenance. She asserts that she was married to Joseph, 1905, that Bernheim deserted her at Venice, August 1, after brutally assaulting her, and

that she is sick and destitute, although her husband has \$500 in bank and receives \$200 weekly salary, with \$100 weekly expense money. She asks the court to award her a reasonable sum as alimony.

DIVORCE. Testimony in the divorce suit of Mrs. Anna Rita May against W. A. May was concluded yesterday in Judge James's court. It was agreed that Mrs. May's counsel shall, this afternoon at 3 o'clock, present to the court his reasons for the introduction of Joseph Gahm's deposition. Final arguments will be heard in chambers next Wednesday morning. Evidence was given yesterday by Dr. W. C. Petchner, W. A. May and Miss Marguerite May, for the defendant. It deals with matters previously traversed and reemphasized statements that have been made by the defense.

INCORPORATIONS. Articles of incorporation were filed yesterday with the County Clerk by the Alamitos Water Company, capital stock \$200,000; Pasadena Plumbing Company, capital stock, \$50,000.

BARBER COLLEGE FIGHT.

Teacher and Pupil Indulge in Fights, Both Go to Police Court, and Are Reprimanded.

G. W. Haight, proprietor of the western branch of the Moler Barber College, and one of his pupils, W. H. Brumley, were principals in a Police Court trial which occupied the greater part of yesterday afternoon. Haight had Brumley arrested on a charge of disturbing the peace, and when the near-barber took the stand he declared the president of the tonorial school had promised to "square the deal" for him outside the courts if he would apologize.

Justice Austin sought to call Haight to account for what he termed "slandering" the court, but the barber declared he had never made such promise. He said Brumley had made threats against him. Haight said he had fined his pupil a week's wages for breaking the rules. Brumley, he said, objected to paying the fine.

According to Haight, the pupils of his college pay \$20 to learn the trade. In order to maintain discipline, the men, he said, are fined a week's wages every now and then. It was when Brumley threatened to use this rule that an officer was called.

The two men were severely lectured by the court. Brumley was fined \$5 for his part in the affair, and Haight was warned against making promises to settle court matters outside.

Faces Serious Charge.

Dave Villa, who is accused of having murdered José Sanchez, either on Wednesday or Thursday night of last week, was taken into the Police Court yesterday afternoon for trial. His attorneys asked for a continuance, as certain important witnesses are expected to arrive from out of town.

Ed. Villa is an old man who has been working as a blacksmith at Fillmore. The case was set for Wednesday.

In court Villa took an unusual interest in the proceedings. He is prepared to make a fight for his life. He and Sanchez at one time were friends, but he is asserting that because of a grudge he harbored against the old man he killed Sanchez.

Friends of both families were in court yesterday afternoon. The aged Sanchez was one of the best known among the Spanish residents of Los Angeles. Several of his daughters were present. The case will be bitterly fought.

Twisted on Main Street.

When A. Reiter tried to cross First and Main streets on a bicycle, he turned to the left, and was arrested. He told Justice Austin yesterday that he thought a man had a right to turn in either direction, but the justice did not agree with him. Reiter pleaded not guilty and told the court he would act as his own attorney. His efforts caused the court to double the fine and Reiter paid \$2 for his mistake.

De Long Pays Fine.

Frank De Long, foreman for Miss Emma Summers, the "oil queen," was fined \$25 yesterday by Justice Austin on a charge of carrying a concealed weapon. De Long paid the fine. The trial in the case of the oil queen, which was held against Mrs. Estelle Vanmeter, was postponed to Tuesday.

The Eastman school visits the principal cities of this country every year. On this was the first visit ever made to Los Angeles.

DOUBLE TROUBLE.

Restaurant Proprietor and Wife, Charged With Battery, Demand Counter-Complaint.

With her face scratched and bleeding, Mrs. C. S. Norris, wife of an ex-police man, appeared before Justice Austin yesterday and swore to a complaint against Mr. and Mrs. B. Broad, proprietors of a small restaurant at No. 221 South Main street, charging them with battery.

Mrs. Norris exhibited a broken finger, which she said she had sustained during the assault.

Escapes Serious Charge.

Because he was shown that he had told F. Moore that he had no funds in the bank when a check was drawn charges of passing a worthless check, which was filed against R. B. Sloan, were dismissed, yesterday, by Justice Austin. Sloan, it was shown, had since made a check for the amount of the check, and Sloan was not in contempt of perpetrating a fraud.

Held on Check Charge.

Albert Rheinhardt was yesterday held to answer in the Superior Court on a charge of passing worthless checks. He was accused of having passed thirty checks of \$45 each, on a department store in this city. He failed to put up \$1500 bond and is in jail.

Pays Nominal Fine.

Because B. R. Ellis failed to turn a square corner at First and Spring streets, yesterday he was arrested. He was indicted and gave bail for his appearance yesterday for trial. He refused to pay a nominal fine and was held in the city jail.

When told by Justice Austin that the usual fine in such cases is \$10, Ellis was not nearly so belligerent. He paid the fine and was released.

Failed to Report Accident.

Because he failed to report an accident to the police, Joseph Lassalle was fined \$25 yesterday by Justice Austin. While driving a butcher wagon Lassalle ran over and severely injured Adolph Linker. Lassalle was prosecuted under an old ordinance.

MAYOR IS HOST.

Stands in Line and Greets Visitors at Young Men's Christian Association.

The open house for city and Federal employees was an immense success, yesterday, and last night at the Young Men's Christian Association.

Mayor Harper, the City Council, heads of departments of the city government, Postmaster Flint and many others were both yesterday and last evening, while the building swarmed with men in uniform from the police and fire departments and the postal service. The evening was particularly notable for the large attendance of ladies and gentlemen in evening dress.

There was music by the Misses Forbes, string trio, and vocal solos by Mrs. Maximilian, accompanied by Miss Kath. The latter two will entertain at the ministers' reception this afternoon.

The open house this afternoon from 2 to 4 p. m. for ministers and their families, members of the faculty of colleges and their families and the college student-body.

PHOTO SCHOOL CLOSES.

Many Take Advantage of Opportunity to Witness Demonstrations of Modern Methods.

The school for professional photographers, conducted by the Eastman company, under the auspices of the Howard & Dewey Company in this city, came to a close yesterday afternoon. The school was in session Tuesday and Wednesday afternoons and evenings and drew a large attendance.

The school, which was held at the Howard & Dewey Company's store, No. 510 North Broadway, was for the purpose of demonstrating new photographic processes and the use of modern photographic equipment of the country.

The Eastman school visits the principal cities of this country every year. On this was the first visit ever made to Los Angeles.

DOUBLE TROUBLE.

Restaurant Proprietor and Wife, Charged With Battery, Demand Counter-Complaint.

With her face scratched and bleeding, Mrs. C. S. Norris, wife of an ex-police man, appeared before Justice Austin yesterday and swore to a complaint against Mr. and Mrs. B. Broad, proprietors of a small restaurant at No. 221 South Main street, charging them with battery.

Mrs. Norris exhibited a broken finger, which she said she had sustained during the assault.

Escapes Serious Charge.

Because he was shown that he had told F. Moore that he had no funds in the bank when a check was drawn charges of passing a worthless check, which was filed against R. B. Sloan, were dismissed, yesterday, by Justice Austin. Sloan, it was shown, had since made a check for the amount of the check, and Sloan was not in contempt of perpetrating a fraud.

Held on Check Charge.

Albert Rheinhardt was yesterday held to answer in the Superior Court on a charge of passing worthless checks. He was accused of having passed thirty checks of \$45 each, on a department store in this city. He failed to put up \$1500 bond and is in jail.

Pays Nominal Fine.

Because B. R. Ellis failed to turn a square corner at First and Spring streets, yesterday he was arrested. He was indicted and gave bail for his appearance yesterday for trial. He refused to pay a nominal fine and was held in the city jail.

Failed to Report Accident.

Because he failed to report an accident to the police, Joseph Lassalle was fined \$25 yesterday by Justice Austin. While driving a butcher wagon Lassalle ran over and severely injured Adolph Linker. Lassalle was prosecuted under an old ordinance.

MAYOR IS HOST.

Stands in Line and Greets Visitors at Young Men's Christian Association.

The open house for city and Federal employees was an immense success, yesterday, and last night at the Young Men's Christian Association.

Mayor Harper, the City Council, heads of departments of the city government, Postmaster Flint and many others were both yesterday and last evening, while the building swarmed with men in uniform from the police and fire departments and the postal service. The evening was particularly notable for the large attendance of ladies and gentlemen in evening dress.

There was music by the Misses Forbes, string trio, and vocal solos by Mrs. Maximilian, accompanied by Miss Kath. The latter two will entertain at the ministers' reception this afternoon.

The open house this afternoon from 2 to 4 p. m. for ministers and their families, members of the faculty of colleges and their families and the college student-body.

by the Broad in their restaurant and a dispute arose over wages, which Norris said are overdue. Just what happened in the restaurant when Norris was asked for his money will be told later in the Police Court. As a result of the trouble two warrants may be issued.

According to Mr. and Mrs. Broad the Norrises are guilty of disturbing the peace and of molesting the restaurant. Attorney Eddy may issue a complaint against them today. The cross-complaints will make a double trial necessary.

POSTAL CARD HABIT. David Levy, alias Dan Lewis, was on trial in the United States District Court yesterday on the charge of sending objectionable matter through the mails. The evidence showed that he became acquainted with several women to whom he sent postal cards of questionable taste and wrote messages thereon that offended Uncle Sam's postal employees. The United States District Attorney in possession of evidence regarding Levy's antecedents that tends to show he has been in trouble before. The case will be concluded this morning.

BUY THAT PIANO NOW!

The Great Bonnell Piano Sale is the Opportunity of a Lifetime

100 New and Second-Hand Instruments to Be Sacrificed Steinway, Knabe, Chickering

Weber, Kranich & Bach, Sohmer, Milton, Steck, Decker Bros., Krakauer, Needham, Kurtzman, Emerson, Sterling, Henry F. Miller

Prices \$123 Upwards--Cash or Terms

People from all over Southern California are attending this sale—the good news has gone forth the many customers I have had are doing good advertising for me—every sale I make is the result of three or four others. Unless the Pianos were given away, I am giving entire satisfaction, this condition would not prevail.

What are the names you know in the Piano world? Are they not Steinway, Knabe, Chickering, Weber, Kranich & Bach, Sohmer, Milton, Kurtzman, Sterling? Won't your choice be one of these instruments when you buy? Of course it will. Well, I am offering you an opportunity to select from these makes and save anywhere from \$100 to \$200—I make this statement in all sincerity. I do save you money. Not a few

dollars, but hundreds of dollars when you buy a Piano from me. This sale is the talk of the town. It is the greatest Piano sale ever held here.

If you are in the market for a Cello, an Angelus or Pianola Piano Player or Inside Player Piano, I can make you a proposition that will save you a good deal of money.

Remember this, I can arrange satisfactory terms—and also remember this—that all goods are marked in plain figures—and the only difference between cash and time prices is six per cent interest for the installment privilege.

MUSIC AND

compact musical organization, en-
deavored to make the center of a new
musical art.
youth has not been so bright a
number of years past. Its first-
hand experience has been dimmed by
ambitious operatic scheming of
than one European city.
er comes W. J. Henderson, the
known critic of the New York

tempt of the sacred village.
may be that some Americans are
contemplating a visit to Bay-
reuth, a visit to Wagner, "where
body and, alas, also the spirit of
man of music sleep in solemn si-
lence." Those Americans ought to
know some things, and here they are.

located to him at the price named.
Some accommodations are seldom
ashy good, and most of them are
right bad. Furthermore, paying
least price does not save one. He
find himself allotted to a closet
or a room of stairs in a noisome
in a fairly good chamber in a
house. If he is dissatisfied and
to the office of the Residence
office, he is curtly informed that
he has made a contract, and will have
to live in it. He wishes to change his
of abode he must pay the full
for the one he gives up.
The residence is poor. The res-
ident which may be blocks from
dotted places—are of the type one
in remote German villages. The

have it. And the outward ap-
pearance of the town itself is one of com-
plicity, sloth and negligence.
There was a time when Americans
willing to endure all this because
believed that in Bayreuth they

QUALITY
THAT SHOWS ITSELF

The pleasure in wearing shoes of
high quality is dependent partly
upon the noticeable ability of
the quality. There would be no
satisfaction in having shoes of
quality that looked like cheap
footwear.
Staub shoes are not only good
shoes but they show their high
character in every detail, their
excellence is emphatically ap-
parent at a glance.

ANGELES, Sept. 3.—[To the
of The Times] Will some one
the residents of Western ave-
are allowed to be pastured on lots
at all hours of the day.
The lot are so dirty that a person
can hardly walk. Cows bawl all day
and at night, so the neighbors cannot
sleep. It is very unnerving, besides
other disgusting things. I do (and so
do all neighbors) wish to know if
something cannot be done. We have
spoken to the people who own cows,
but they say it is none of our business.

Ostermoor Mattresses

Whether it is a question of econ-
omy, durability or comfort with
you, you will find the Ostermoor
Mattress the nearest approach to
perfection that the market af-
fords.

Not only is its price low, but it is known as
the "last-a-lifetime" mattress; its fluffy non-
absorbent filling is comfortable to the last de-
gree, and never requires renovating. Only one
store in Los Angeles can sell you the real
Ostermoor, and the fact that the Ostermoor is
so generally imitated by poor counterfeiters, is
one of its strongest recommendations. If some-
body offers you a "just as good" mattress as
the Ostermoor, offer him counterfeit money to
pay for it.

Rubdry towels and wash cloths are made
wholly from Egyptian long fiber cotton, and
possess all its fine qualities, novel effect and
handsome appearance. Rubdry towels look
better, feel better and wear better than any
other towels, because they are wonderfully ab-
sorbent, and give all necessary friction without
any harshness whatever. Rub-dry towels 25c

The days of the 1908 contest are numbered, and expectation stands on tiptoe every moment, for scores are booming up, and exciting things are happening right and left. Yesterday the second, three-year subscription of the season created a sensation at headquarters, and won for the little Catholic girl, Celeste Benton, the beautiful prize offered as a special prize for the biggest gain registered on the one day. Celeste, who is a charming little piece of humanity, and talented as well, has been visiting at Riverside in the family of E. A. McIsaac, and Riverside has treated her right royally. The three-year renewal was given to her by Mr. Mills of the Arlington Heights Fruit Company, and Mr. Father Kelly gave a new annual to swell the score that Celeste brought back with her yesterday.

The dimples were in full play when Celeste appeared in the Forest fortune. She came, suit case in hand, as she could not wait longer to tell the news. She goes dancing up the ladder this morning from No. 29 to No. 25. This little lady intends that no one shall wrest from her the scholarship at the Immaculate Heart College at Hollywood, where the good sisters have promised her a fine art course, in addition to her regular classical instruction. Celeste came originally from St. Louis, and has the honor to be a grandniece of Missouri's old-time spellbinder and statesman, Thomas H. Benton, whose statue adorns the main entrance of Forest Park, where the Louisiana Purchase Exposition was held.

That splendid Highland hustler, Florence Jarman, sent in a score almost as large as Celeste's, in consequence of which she takes the seventh line away from Leo Domke. An unfortunate charge-back took away 100 points from Miss Florence, and the same thing happened to Mary Pearl Pottol of Monrovia, but they will soon recover from so small a setback, and hit the high places by Sunday.

Make way for the Covina girl, Ida May Benjamin, who hustled up 23,244 points to headquarters yesterday with one new annual included, and who is determined to push her standing up like lightning by the time the finish is in sight.

The Soldiers' Home candidates each sent in new annual yesterday, and sent word, too, that they are working with might and main to win. Another new annual member for yesterday was Ralph Warren of Alhambra, who added a yearly renewal, making his gain 48,909 points. Katharine Veronee, Leon Riesenweber, and Gertrude Flick also registered over a thousand apiece yesterday.

In the line of those lovely Santa Claus girls came in David Boardman yesterday. Mrs. L. J. Merritt of Pasadena, who is spending a few days at Long Beach, forwarded another new annual for David, for she realizes that David's business course means future help for his mother and little sisters.

FOR U.S.C. A University of Southern California student has been selected for the contest. Miss Fanny Dillon, well known as a composer, will have charge of the harmony, theory and history classes, pupils in this department having the privilege of taking private or class lessons. Miss Dillon studied five years with Godovsky in Berlin, and has received the highest praise from celebrated artists for the high order of her compositions. Miss Madge Patton will have charge of the Dunning kindergarten course. Miss Mary L. Neff, an accomplished pianist and pipe organist, will assist Mrs. Keller in piano instruction. The course of advancement will have charge of classes in different parts of the city for the convenience of smaller children.

Every department of music is well represented in the school, and one particular course is found nowhere in the United States. This is the work of matured hands. The muscles of the hand, the fingers, the wrist, the arm, the training best adapted to the individual hand, and no matter what the age of the pupil, Mrs. Keller has been able to teach them to play successfully.

Another exceptional advantage offered by Mrs. Keller is the opportunity for pupils to earn his or her tuition, and no one need remain out of school to accomplish the necessary amount of work. The interested are requested to call any afternoon and discuss the matter with Mrs. Keller.

THE PRIZES Besides the valuable scholarships for which the young people are working, The Times offers fifteen cash prizes for those making the highest scores next to the line, who will receive the prize piano. The cash prizes, totaling \$100, are arranged as follows:

who have always been loyal to anything pertaining to the institution. "I sincerely hope that the students and friends of U.S.C. will show their loyalty to the university by helping Margaret win a scholarship, so that she may go back to school, where she has many friends."

There are several other U.S.C. candidates in the field. Homer Watson at Westminster, and Gertrude Flick; and the Santa Barbara girl, Gladys Hill, intends to win a scholarship at this popular institution.

The money "high sixteen" will reach the 100,000 mark by Sunday? Exciting rumors are rife concerning several out-of-town candidates and there will be racing and chasing for the first places before the last week of the contest is on. Sunday morning's score will be very influential all next week.

The largest gain of today will win a box of candy, a match to the one that Ellen Robinson carried proudly away from headquarters yesterday.

Big scores draw big scores. They are magnets. The growing scores make most friends. It is certain that the final winners of the best prizes will be those who keep their scores moving daily.

THE SCHOLARSHIPS In order that contestants may familiarize themselves with the merits of the various institutions from which scholarships are offered, The Times will print from day to day some account of their special aims and advantages. Today the Eva Keller School of Music is presented for consideration.

MOVED TO NEW QUARTERS The Eva Keller School of Music, one of the most successful and popular in Los Angeles, which has been carried on in the Blanchard building for the past three years, has just been established in splendid new quarters at No. 1130 West Seventh street, in the beautiful residence known as the Eben Smith home.

The phenomenal success of this school of music is attributable to several reasons. First of all, Mrs. Keller long ago came to the realization that the day as an artist, not the only requisite of the true teacher; that to teach successfully is another and more important thing. For this reason, Mrs. Keller feels, sense this important fact as hundreds are willing to give the teaching of their children to almost any teacher, she has made it a point to prepare for her special teacher a thorough normal preparation.

The teacher herself is an example of the teacher musician. After studying below is a partial list of the scholarships offered to contestants. It will be increased from time to time, as a number of other institutions will be included:

Mrs. Eva Keller, principal of the Eva Keller School of Music, at No. 1130 West Seventh street.

music for a number of years she completed a thorough normal course under Dr. Robert Goldbeck, formerly one of the most successful musical instructors in Berlin, and she has his personal recommendation as a teacher and as that of his co-worker, Anna L. Palmer.

The various teachers in the Eva Keller School have been selected for the excellent results that have followed their instruction. Miss Fanny Dillon, well known as a composer, will have charge of the harmony, theory and history classes, pupils in this department having the privilege of taking private or class lessons. Miss Dillon studied five years with Godovsky in Berlin, and has received the highest praise from celebrated artists for the high order of her compositions. Miss Madge Patton will have charge of the Dunning kindergarten course. Miss Mary L. Neff, an accomplished pianist and pipe organist, will assist Mrs. Keller in piano instruction. The course of advancement will have charge of classes in different parts of the city for the convenience of smaller children.

Every department of music is well represented in the school, and one particular course is found nowhere in the United States. This is the work of matured hands. The muscles of the hand, the fingers, the wrist, the arm, the training best adapted to the individual hand, and no matter what the age of the pupil, Mrs. Keller has been able to teach them to play successfully.

Another exceptional advantage offered by Mrs. Keller is the opportunity for pupils to earn his or her tuition, and no one need remain out of school to accomplish the necessary amount of work. The interested are requested to call any afternoon and discuss the matter with Mrs. Keller.

THE PRIZES Besides the valuable scholarships for which the young people are working, The Times offers fifteen cash prizes for those making the highest scores next to the line, who will receive the prize piano. The cash prizes, totaling \$100, are arranged as follows:

rested several days ago. His picture was forwarded, and although the prisoner had distorted his features when photographed, some of his friends of Wurtz were willing to state positively that it was a likeness of the missing clerk.

It may be that in hunting for Wurtz the police have come upon larger game. At present the man in Ohio is under indictment in that State on a charge of fraud and the local authorities will take no more interest in the proceedings. A detective left last night for Fresno to check up on the prisoner there, and will return with him today.

Wurtz appeared indifferent when he reached Fresno. He registered at the hotel under his right name. Then he spent the time tramping about the town. He features himself up, "I am a charge of fraud and the local authorities will take no more interest in the proceedings. A detective left last night for Fresno to check up on the prisoner there, and will return with him today."

He went boldly to the railroad office and there received money due him in exchange for his ticket. This had been made out in his right name. Then he visited the office of the Chief of Police and handed up, "I am the man you want, Robert A. Wurtz, you know," he announced.

Yesterday was the fourth day Wurtz spent in Fresno. When a detective noticed him about the Court-house square and took him. Wurtz said: "Glad to have it over with. I'm tired of dodging all these policemen. Why didn't the chief arrest me when I was in his office. It would have saved him a lot of bother and me a sleepless night."

THE PIANO The first prize to be awarded to the winner of the contest in addition to a choice of scholarships is a splendid Fairbanks piano from the Southern California Music Company, valued at \$400. It is known among musicians for its exquisite tonal qualities and responsive action. The case may be of rich mahogany or dark oak.
